

The Edmunds Buzz

A Message from
Principal
Snellenberger

Thank you to all who volunteered to make this year's theater production of "Finding Nemo" such a success. In particular, a special shout-out to Ms. Gretchen Shuman, who worked tirelessly, giving up what precious free time she has to help pull this all together for our kids. It's this kind of dedication and commitment to our school and kids that make this such a special place.

In partnership,
Kolby Snellenberger

IMPORTANT DATES

April 8 - Solar Eclipse - No School

April 12 - Skate Night

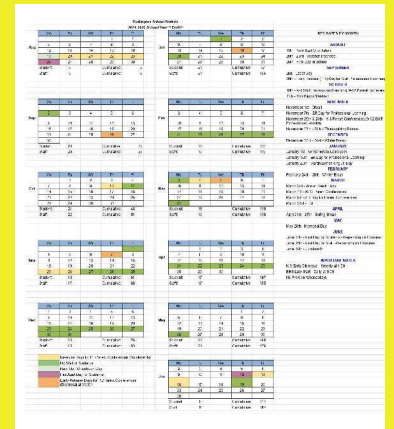

April 18 - K-2 Fine Arts Night

April 22 - 26 Spring Break - No School

2024-25 School Calendar!

The Burlington School Board has unanimously approved the [calendar for the 2024-2025 school year!](#) For the first time, the Champlain Valley Superintendent's Association (CVSA) has developed a regional calendar instead of doing it by county. This will help us align our calendars, better coordinate across the region, and meet the State laws for our technical centers that require us to have 175 common school days across the region.

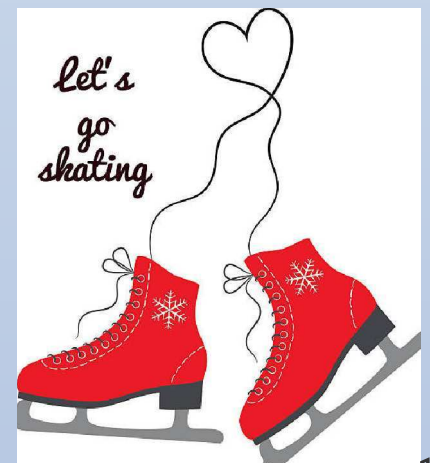

Print your Calendar Here!

No School!

Save The Date!

EES students and their families are invited to Leddy Ice Arena for a fun night of skating and socializing. The PTO will provide pizza as well as skate rentals. Skaters are encouraged to bring their own helmet. A Sign-Up Genius will go out soon for parent helpers. This is a night you don't want to miss!

let's
go
skating

This is how EES Goes Green!

Last Friday, fifth grade students in Ms. Bonanni and Mr. Styles' classes harvested fresh greens and herbs from the two Edmunds hydroponic grow towers. Their massive harvest of leaf and butter lettuces, endive, kale, arugula, sorrel, Swiss chard, baby bok choy, dill, and cilantro was enough to serve the entire school as part of the salad bar during lunch. Students are helping to care for these indoor vertical gardens by testing the pH of the water, adding nutrients, pruning plants, and taste-testing along the way! Through these hands-on teaching tools, students are learning about where food comes from, while also understanding the value of hyper-local, high-quality produce to support a healthy and balanced lifestyle!

Finding Nemo!

JULY 24–28, 2023
