## A Message from Principal Snellenberger

Hello Edmunds Elementary Families!

It's hard to believe, but we're just two and a half weeks away from spring break! The energy around school is high as students and staff dive into the many exciting activities we have planned before then.

We're especially looking forward to our upcoming Fine Arts Night on April 8th, where we'll showcase the incredible creativity and talent of our students in both visual art and music. We're also thrilled to present our student musical production of "Aladdin", which promises to be a fun and memorable performance for all who attend.

In addition, our entire school will come together for a special assembly with the Strawberry Hill Fiddlers—a lively and engaging experience we know our students will love.

Thank you, as always, for your continued support and enthusiasm. We can't wait to share these joyful moments with you and celebrate the many accomplishments of our students this spring.

Warmly,

Kolby Snellenberger~ proud principal of EES!

### Information Regarding Measles

Measles cases are on the rise in the U.S. and worldwide, and the first case in Vermont was reported this week. Measles is one of the most contagious and dangerous viruses - it's not just a rash! Between 1 and 3 of every 1,000 cases in children are fatal as a result of respiratory and neurologic complications; children younger than five years old are most at risk. **The best way to protect your family against serious illness is with the measles, mumps, and rubella (MMR) vaccine.** MMR is safe and effective. Two doses of MMR vaccine are about 97% effective at preventing measles; one dose is about 93% effective. Check with your primary care provider to make sure your family is up-to-date, especially if you plan to travel outside of the U.S. Schedule required vaccines today!
